## CORPORATE VALUES

At Pan Africa, we believe creating a world-class company requires innovation, an understanding of customer needs, integrity, a commitment to getting results, and delivering on time. Dedicated to cultivating an environment that values the individual and promote teamwork, our core values Quality, Service and Reliability are ket components of the work environment that we have created and continue to develop at Pan Africa which indeed make up our strategy.

### \*QUALITY

Pan Africa Coast Shipping is committed to delivering top Quality Service and dedication to it's customers.

### \*SERVICE

We create better service business that is based on the idea of achieving maximum client satisfaction thus making organization of high-reliability.

### \*RELIABILITY

By keeping our promises to our customers Pan Africa offers services on time thus developing strong relationships with it's clients.

## INCOTERMS

Incoterms are internationally accepted commercial terms defining the respective roles of the buyer and seller in the arrangement of transportation and other responsibilities, and clarify when the ownership of the merchandise takes place. They are used in conjunction with a sales agreement or other method of transacting the sale. Below is an example of how Incoterms work in action. The definitions provided here are the most common uses of each term, but are not the only way these terms are used. Pay close attention to the location listed for each term, as this indicates where payment details change from Shipper to Consignee.

- \*EXW (Ex Works)
- \*FCA (Free Carrier)
- \*FAS (Free Alongside Ship)
- \*FOB (Free On Board)
- \*CFR (Cost and Freight)
- \*CIF (Cost, Insurance and Freight)
- \*CPT (Carriage Paid To)
- \*CIP (Carriage and Insurance Paid To)
- \*DDP (Delivered Duty Paid)
- \*DAT – Delivered at Terminal (named terminal at port or place of destination)
- \*DAP – Delivered at Place (named place of destination)
- \*Note: EXW, FCA, CPT, CIP, DAT, DAP and DDP are commonly used for any mode of transportation. \*FAS, FOB, CFR and CIF are used for sea and inland waterway

## SERVICES

A freight forwarder organizes shipments for individuals or else corporations to get goods from the manufacturer to the market, customer or final point of distribution. Freight forwarders often contact with s carrier for transportation of goods. A freight forwarder does not move the goods but act as an expert in supply chain management. A freight forwarder moves cargo from raw agricultural products to manufactured goods. Int'l freight forwarders handled int'l shipments and also are empowered with additional expertise in preparing and processing customs and other documentation and performing activities pertaining to international shipments.
