Supply chain is the soul of international business. When supply chain is enhanced, everyone involved in the cycle, is benefited

on time. Here lies the significance of logistics solutions providers that have maintained a track record of delivering on time, every time irrespective of how small or big the shipment is. A name worth

mentioning is SAV Logistics Pvt. Ltd., headquartered at Mahipalpur Extension in the national capital city. 'Best services at the best prices' - this statement well corroborates the firm's existence in

the international logistics market. The ISO 9001: 2008, IATA, C-TPAT, and Affinity accredited SAV Logistics has three branches in Delhi, Mumbai, and Bangalore. Two more branches in Kolkata and Chennai shall be operational by the year 2017.

"We are deemed amongst the top six in Delhi and NCR in handling export / import freight forwarding and custom clearance. We leverage our extensive capabilities to meet our customer's simplest to complex cargo handling requirements," pronounces a sophisticated Mr. Vijay Ranjan, Founder and Managing Director. Where there is a will, there is a way. This maxim is best exemplified by Mr. Vijay Ranjan, the brainchild behind the founding of SAV Logistics Pvt. Ltd. A commerce graduate and an MBA in Finance, Mr. Ranjan came to Delhi in the year 1991. He started

his career in 1995 with OCS India Pvt. Ltd, a leading CHA firm in the national capital city followed by his stints in BAX Global, Hellmann Worldwide Logistics, and Aqua Logistics in the finance department holding various profiles. A thorough observer and learner, Mr. Ranjan equipped himself with the dynamics of the logistics industry over the period. During his Aqua tenure he dreamt of starting his own logistics venture. As they nothing dies sooner than an idea in a closed mind so Mr. Ranjan kept that idiom in mind and did not allow

his dream to remain an idea only and rest is history thereafter. A saga of entrepreneurship started! After 17 years of hard work and experience, he laid the foundation of SAV Logistics in year 2012. The venture started with seven employees and an investment of a mere Rs. 6 lakh. Today, SAV Logistics is a family of 79 professionals and reached at a turnover of Rs. 26 crore in such a short span of time that too without any external financial support.

"In the starting couple of years we worked relentlessly with a dream in the eyes of all the stake holders to make it happen, it's all due to team efforts, hard work, dedication, ethical practices and honesty towards our customers, we are able to carve a distinctive niche in already saturated logistics market segment," says Mr. Vijay Ranjan.

The promoters are targeting (and also confident to achieve) almost double the present turnover in the next fiscal. They are upbeat of reaching a dream figure of Rs 100 Cr by the end of year 2020.
