

**Glink Global**

*be globally connected*

## Mission

To design, build and deliver flexible, integrated, best-in-class and cost-effective logistics solutions.

## Vision

To be recognized as the expert in logistic services with top-notch Customer Service.

## Values

We strive to perform with solid commitment to Integrity, Honesty, Transparency, Creativity with Respect for All.

# History

**Glink Global** embarked its journey in mid 2021 during an era of global crisis and within very short span , we were able to create our foot print in the global logistics arena. With the help of dedicated services and the strong spirit of our experienced team, we could identify the path towards achieving a sustainable growth. We were successful in offering innovative and tailor-made solutions in response to the demand of the customer with Integrity, Honesty, Transparency & Creativity.

**Glink Global entered** into the International Market operations exactly when the industry was facing global misfortune and most of the industrial leaders were struggling to survive and trying to **exit**.

We thank our visionary promoters who were bold and confident enough to take the challenge and convert the threats to opportunities.

# Our Solutions

Customs House  
Brokerage (CHB)

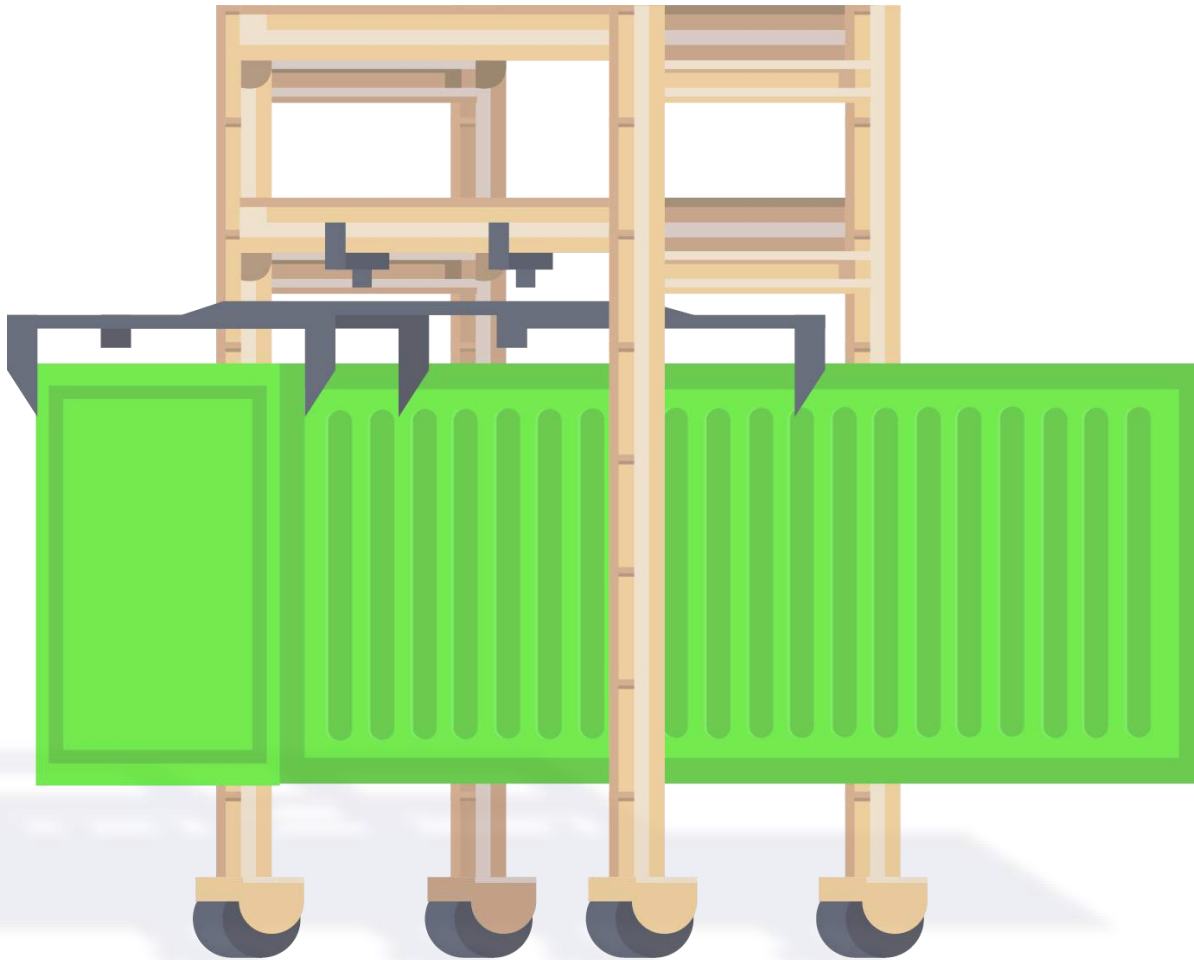

Landside  
Transportation

# Ocean Freight

---

When you have Sea Freight professionals matching frequent sailings and flexible service options to your specific business objectives, you have “Glink” brand of Personal Service. Our freight management experts' partner with you to learn your business first-hand. Equipped with an intimate understanding of your supply chain requirements, we pull from a range of standard Sea Freight products and supplementary options to secure the space allocation, timing, frequency and rates that fit your precise objectives. Whether we need to reserve an oversize container or securely transport your high-value cargo, GLINK GLOBAL, Sea Freight specialists treat each shipment with the care and attention it takes to earn your trust.

With a global agent network, GLINK GLOBAL can provide its customers the LCL services from/to different parts of the world at most competitive rates.

# Air Freight

“GLINK GLOBAL” operates regular import and export airfreight consolidation to and from cities throughout the world using our network. With professional team of staff, comprehensive heavyweight airfreight transport and distribution systems, we are able to provide effective solutions with consistent transit time for any destinations at the lowest cost.

# Combine Transport

“GLINK GLOBAL” always proud of providing Sea-Air/AIR-Air/Air-Sea/land-Air combined transport service as one of strengths. If you want to have lower transportation cost compared to airfreight service with shorter transit time compared to sea freight service, please do not hesitate to contact us at any time.

# Supply Chain Management

GLINK's Supply Chain Solutions represents a comprehensive supply chain management 4PL/LLP service which provides the organization, execution and performance ownership of all supply chain management functions from origin through to ultimate destination.

## Benefit for the SCM Customers:

- Reduced end to end supply chain costs
- Proactive management of freight flows
- Increased flexibility and control
- Efficient use of all transportation modes
- Greater visibility and real time information
- Reduced risks and disruptions

# Warehouse & Distribution

“GLINK GLOBAL” under the brand name of Glink Services Ltd. provides a complete Logistics Package, including warehousing and distribution through a Global Network with the necessary systems and experienced personnel to meet the most demanding customer service requirements.
