

# WORLDSCO LOGISTICS

## Your One Stop Logistics Partner

# ABOUT US

Worldco aims to be the market leader in Africa, offering services of the highest caliber.

Worldco Logistics was established in June 2019 with the sole purpose to provide outstanding services through Southern Africa. The company's core function is to service the distribution needs of various industries and quickly became known as “Your One Stop Logistics Partner”, due to its fast and efficient deliveries.

We are a logistics service provider with partners locally and globally with the ability to provide a full distribution channel network both domestically and cross-border into Africa. Our road freight division covers all short-haul, long-haul and Over-Border inbound and outbound road freight requirements.

Since inception, Worldco Logistics has built an outstanding reputation for innovated solutions. Efficient controls and logistic solutions are driven by a consumer centered attitude and highly motivated team.

By adapting our customer first policy your needs are made priority. With over 17 Years of experience in over border transport with extensive knowledge of various routes, countries and borders, you and your cargo is in the best of hands.

# OUR VISSION AND MISSION

---

Our goal is to provide dependable and environmentally friendly transportation options to clients across all industries in the global economy.

We continuously strive towards being Southern Africa's leading integrated logistics services provider by remaining at the forefront through innovation, commitment, passion, integrity and service excellence. In doing so, we endeavor to add value to the business of our clients, and the overall growth of Worldco.

Our mission is to deliver professional service through our team, and our vision is to experience sustainable growth that benefits both our clients and us. We have a clear goal and work hard to preserve and grow our clientele.

We strengthen our market leadership position by leveraging our technology and quality. Our staff are equipped to become the premier provider of Supply Chain Solutions and Value-Added Logistics in the various areas of Freight.

We take great satisfaction in offering our customers a flexible and creative level of service. Our committed management team and knowledgeable workforce adapts to shifting consumer demands.
