Our Services

WAREHOUSING FACILITY

We provide warehousing facilities for storing of goods near CFS facilities at port and all Inland depots. Dry Area Warehouse: For storage of general cargo and commodities and Machineries with adequate movement area and forklift facilities for loading and unloading of stacked cargoes.

Refrigerated Warehouse: For storing of pharmaceutical products, medicines and other Perishable items under temperature-controlled conditions.

CUSTOMS CLEARANCE

We specialize in helping our clients demystify and sort through custom regulations. Our nationally licensed staff work closely with clients to help them avoid costly penalties and delays while the goods are under customs hold by ensuring fast and smooth clearance of cargo.

We offer a complete portfolio of brokerage services for both Import and Export custom clearance to our clients (including duty drawback, full product line classification, compliance management, duty reduction assistance, etc.).

Extensive Experience

In addition to skills and knowledge, we also have a wealth of experience in import-export logistics. Our extensive experience in daily volumes from Asia includes ocean Less-than-Container-Load (LCL) consolidation. This makes us the import-export logistics company of choice when you want to move smaller shipments without paying for the whole container. We will make the process convenient for you, enabling you to optimize your working capital.

Our knowledge about import and export regulations will help you decrease your costs and avoid unnecessary delays. Customs authorities in various countries implement new procedures from time to time to promote cargo security. Our import-export professionals have a thorough understanding of the relevant codes and procedures. When you choose to work with us, we will ensure that all import and export procedures are strictly followed to clear your goods on time.
