AIR FREIGHT - AOG CARGO | PHARMA | AVI

AOG - Aircraft On Ground

Every day we deal with hazardous and big dimensions/weight shipments. We are trained and prepared to handle the cargo and documentation that safeguard the proper security and follow up of each shipment.

PHARMA

We are associated with the largest Pharma network organization - WCA Pharma, benefiting from a controlled supply-chain with partners worldwide. Our team is experienced, certified and has been trained according to GDP requirements. We pride ourselves of providing a service that have always attention to small details, being that what distinguishes us.

- World Health Organization - Annex 15
- Dedicated pharma team endowed with knowledge in the pharma industry
- Monitoring of the temperature during transportation

AVI - Live Animals and Horses

We dedicate ourselves to the transport of Live Animals by air from/to any part of the world, making the proper follow up and respecting the integrity of the animals until the delivery point.

We also offer authorized door to door transportation solutions, ensuring comfort to the animals and verification, cooperating with the competent organizations all over the UE, ensuring IATA regulations are being applied.

CERTIFICATIONS
