ABOUT US

The Mission

is to make the process of freight shipping and logistics services simple, efficient and cost effective.

Our Value

Values are part of everything we do, giving our customers a unique experience of trust and partnership.

How Its Done

By providing a friendly service with smart IT solutions to always be in control of your supply chains.

Team Oriented

Our teamwork strategy, it makes us all better at what we do and makes every day more productive.

Responsibility

By creating a responsible business, we create long-term careers for people within the communities we work with.

Improvements

We've created a culture that encourages innovation. We ask our teams to challenge and welcome new ideas.

Performance

We provide high-performance logistics and supply chain solutions to customers from a diverse range of industries.

Sustainability

Committed to the long-term, profitable future of our business and aiming to achieve sustained growth.

FREIGHT SERVICES

SEA FREIGHT

Sailor Shipping offers a wide range of Sea Export and Import Services ranging from traditional common freight forwarding to consignment consolidation services and full project freight.

AIR FREIGHT

Sailor Shipping will help you through the air freight process of pricing the air freight rates, carrier comparison while sorting paperwork and entire international air freight transaction entirely.

LAND FREIGHT

Every package, regardless of origin country, cargo journey or destination country, takes its turn on time and eventually for every land freight load.

THE STRATEGY

We aim to make every operation in our business a positive and rewarding experience by providing service excellence and treating people the way we like to be treated ourselves. While provides an enhanced value to customers and industry partners and opportunities for our people. This is reflected in all the business decisions we make.
