International  
Logistic Solutions

With global network of agents, Instatrans Global Logistics Pvt Ltd has a Worldwide and Transportation Organization. Our professional knowledge and experience with wide range of services make us one of the transportation experts in the Industry.

#### **\*OCEAN IMPORT**

Maintaining well-balanced inventories are very important for the manufacturers, distributors and retailers to control their stocks and costs. So an efficient and reliable import-handling program is useful for our clients.

Upon our clients' instructions, we'll contact their overseas vendors directly and immediately to arrange the shipment details and notify our clients once the arrangements are made. We can also provide long-term and temporary storage and local delivery and distribution services for clients' import consignments. Our total control import services can save time, money and inventory space and improve productivity and flexibility for our customers.

#### **\*OCEAN EXPORT**

As we are young and dynamic forwarder and transportation service providers in India & Instatrans Global Logistics Pvt Ltd can help our customers to choose the most reliable and cost-saving sailing routes from India to any destination in worldwide. We have established long-term partnership with major shipping lines and it is sure to be an advantage to provide cost-efficient services to fulfill the demanding needs of our customers.

## **OUR CORE BUSINESS**

## **AIR FREIGHT**

It has always been our mission to develop Instatrans Global Logistics Pvt Ltd into a full fledge freight forwarder and logistics service provider. With this in mind, we have introduced quality airfreight service targeted at offering more service options to our customers. Whether there is a need for consolidation or direct air service, our airfreight professionals are ready to deliver your cargoes at time from any point in the world. Due to an ever-increasing demand for shorter transit times, we utilize premium carriers with established routes for our consolidations. Many different options are available for the most competitive and reliable airfreight forwarding service.

## **MULTIMODAL SERVICES**

Instatrans Global Logistics Pvt Ltd always provides the most cost-effective solutions to meet the deadlines of delivery. Therefore, we have developed multimodal transport solutions, including sea/air, air/sea. Sea/land or any combination of these transport modes, to meet the balance between cost and just-In-time deliveries.

## **LAND TRANSPORTATION**

To supplement our door-to-door service, Instatrans Global Logistics Pvt Ltd has all necessary resources, including a fleet of container trailers and lorries and team of experienced drivers to provide our clients with just-in-time local deliveries and pick ups.

## **CUSTOMS CLEARANCE**

Every day, Instatrans Global Logistics Pvt Ltd handles a tremendous volume of transactions. This work has resulted in our becoming experts in the field of Customs Brokerage. By utilizing the most advanced technologies available, we are to perform Customs Brokerage work quickly, accurately and efficiently. No matter where our customers send their shipments, we have sophisticated links with Customs service offices worldwide. We will provide information and guidance in the areas of informed compliance, reasonable care and shared responsibility – the principal of the Customs Modernization Act.

## **WAREHOUSING & DISTRIBUTION**

Instatrans Global Logistics Pvt Ltd has always been customer driven – a trust of our business culture. We offer our customers the most cost-effective regional and local warehousing and distribution services. Through our professional associated partners in the field, our customers can enjoy the economies of consolidated shipments, shortened inventory and delivery cycles and just-in-time local delivery and shipment collection.

## **TRANS SHIPMENTS & DIRECT SERVICES**

Instatrans Global Logistics Pvt Ltd has a quality provider of comprehensive and reliable services for cargo transshipped from worldwide to India as well as imports from other countries to India Because of our teams of highly qualified professionals, we can develop a tailor-made logistic programmed locally to meet the varying global demands of our customers.
