

# MKS

*Smart Logistics*

# Be Smart In Logistics

**MKS *Smart Logistics*** starts due to the constant need of exporting and importing companies of having a **quick, dynamic, integral but overall smart service**, such service provided smartly will become a logistics **solution instead of being a problem.**

All the above is achieved due to the human capital that makes MKS exists, such as staff, the best national and international partners with great experience in international logistics, who have the firm conviction that **the most important matter is not only the service we provide, but the way that our services are provided.**

# Company Profile

- The most valuable asset that MKS has, are its customers, but also and not least important, its staff, since all together make **the perfect team that makes everything possible.**

## Our Team's Profile:

- MKS is formed by a multi-disciplinary team, professional in logistics, which is self-motivated and passionate about the activities they performed on a daily basis. We believe that **only the people that work with passion** and that are self-motivated are capable of achieving an **exceptional productivity and performance.**

## Our Customer's Profile:

- It is important to **understand** our customers, since every single one is **unique with very specific needs**. Therefore, we do not have a generic service of merchandise shipping around the world; every single customer receives a **tailored made service** capable of resolving his unique needs.

## 2016 Mission:

- To provide **flexible** and **quick** international logistics services that are high quality and different from the market, which achieve the total **satisfaction** and **loyalty** of our customers and work team, through **continue improvement, specialization** and **added value**, unique in the market.

## Values:

- Flexibility
- Respect
- Passion
- Innovation
- Professionalism

## Solutions

We offer a high **differentiated** service regardless of the shipment modality, a high **dedicated** service with **24/7** tracking and customer service.

# ROAD

- Hot Shot
  - **Guaranteed transit times, ideal for shipments that cannot wait.**
- LTL
  - **Perfect balance between time and cost.**
- FTL
  - **Cover the programmed needs of the supply chain.**
  - **An expedite modality can be offered to guarantee the most urgent deliveries.**

# AIR

- Regular / Same Day / Next day
  - **For merchandise that needs to be transported quickly and/or requires a special and careful handling.**
- OBC (Hand Carry)
  - **Ideal for spare parts or small shipments.**
  - **24/7, time is critical and there is a time frame of hours not days.**
- Air Charter (Airplanes & Helicopters)
  - **24/7 option totally focused on delivery times.**
  - **Most reliable service when the options, routes and itineraries of commercial air lines are limited.**
