FDB Certified  
Proven to be Trustworthy

**JCTRANS**

## B.- Pharma

Translog Overseas

- A.- Translog has GDP Compliance Certification.
- B.- Specialized suppliers (all **CCQI** Cold Chain Quality Indicator)
- C.- Strong knowledge in customs.
- D.- All our people at the office and warehouse has GDP training (some in Spanish and some in English).
- E.- Software adapted.
- F.- GDP Written Procedures in the company.

# C.- Perishables 1

Translog Overseas

A.- Specialized suppliers (all **CCQI** Cold Chain Quality Indicator)

B.- 60% of our volume is Food

C.- 34% of Total Invoicing is Perishable

D.- Main Products : Fish, Seafood, Fruits, Vegetables,.

E.- Strong knowledge of customs for Perishable products . Our Company has local clients that have special needs :

- Products with quota.
- Authorizations for some importers in order to pay fewer or none taxes for specific products.
- Applying for Import and Export licenses for our clients.

F.- Thermal Blankets : Translog produces its own Thermal Blanket at our warehouse (which is double thicker than the one that you can buy on the market).

# C.- Perishables 2 – Translog Advantages

Translog Overseas

- 1.- **Ocean Services** : Frozen – Cold 2- 8- - Temperature Control >25-
  - 
  - a.- **Drayages** : Translog has negotiations with some carriers that allow us to do our own drayage for Export and Import. This point has two main advantages :
    - 
    - i.- Translog has cheaper costs for drayages than our competitors.
    - 
    - ii.- When there is an import the container must go first to Inspection zone and then to the final destination, paying to the carrier for two services. Translog only has one cost, but the competitors have to pay for two drayages.
    -
  - b.- **Warehousing and Special Handling** : Because of our clients' needs Tanslog has to unload perishables and frozen products, repack them, and then distribute them all over Spain and Portugal.

## C.- Perishables 3 – Translog Advantages

Translog Overseas

- **2.- Air Services** : Frozen – Cold 2· - 8· - >25·
- 
- **a.- Warehousing** : Based on our clients' needs we consol products from different suppliers at the warehouses. And sometimes import shipments must be split in smaller shipments and then deliver the products to the final destinations.
- 
- **b.- Delivery** : Translog delivers to and from the airports with national delivery / pick up suppliers, and with direct vans when it is needed.

## D.- Time Critical

Translog Overseas

- 1.- OBC.
- 2.- Events.
- 3.- Spare Parts (AOG, OBV)
- 4.- Local and National Special Deliveries and Pick ups.

## D.- Time Critical - Advantages

Translog Overseas

- 1.- Strong knowledge in Customs.
- 2.- Translog is well-known in the automobile industry.
- 3.- Long time experience in events.

Translog Overseas
