

COMPANY PROFILE

Founded
in **2010**

HEADQUARTERED IN TUNIS, TUNISIA,

Tandem Logistics is a leader in international transport solutions. Our culture and philosophy are to always address our client's logistics challenges with a partnership approach.

We provide both freight forwarding management and contract logistics services.

Tandem Logistics services include all air, ocean and road transportation modes, import and export consolidation, custom clearance and brokerage, project management, warehousing and distribution, cross dock services, packing, specific services for oil & gas customers and a number of value-added services.

VISION

Grow by being the Best in
Service, Quality and
Efficiency

MISSION

To be the partner of choice,
developing intelligent Supply
Chain solutions and delivering the
highest level of Service, Quality
and Efficiency.

CLIENT IN FOCUS

In Tandem Logistics, we know that close relationships with our clients make a difference and their needs are always in focus.

Building mutual trust and personal relations are important to the way we work, and its is a natural part of the Tandem Logistics culture

Building mutual trust and personal relations are important to the way we work, and its is a natural part of the Tandem Logistics culture

Unique service and quality in transport and logistics requires more than trucks, vessels, and aircrafts – it requires the right team, and at Tandem Logistics you find a strong and competent team of experts.

With expertise in trade compliance, Foreign Trade Zones and strategic consultative services, Tandem Logistics continues to develop creative, innovative logistics solutions to improve clients' supply chain outcomes. Sharing supply chain industry expertise as a client advocate, the organization develops robust collaboration in the long-term providing cost-effective and efficient operations.

We understand the urgency in our client's markets. Being a client advocate is our ultimate goal through honesty, trust and collaboration.
