# HSEQ

One of the biggest challenges we are facing is inculcate the HSE culture in everything we do and enforce the principal that HSE is the responsibility of everyone.

Despite the short period we have been involved with project we have been able to operate in safe manner.

This was mainly due to the followings:

- ✓ Our Management System which comply with all relevant safety legislation.
- ✓ Logiapex established working methods and measurable goals for continuous improvement of safety performance.

- ✓ Operate in a manner that protects the safety of employees, subcontractors, the public, the environment and client reputation
- ✓ Train and motivate personnel with a focus on safety
