

SOLUTIONS BEYOND DIMENSIONS

ABOUT US

Since its inception in 2003, **Sarjak Container Lines** has pioneered and paved the way for the movement of over dimensional cargo and project logistics.

Amongst the largest and fastest growing Indian Out-of-Gauge-Cargo Carriers (OOG), we are adept at providing integrated and end-to-end solutions for over dimensional cargo movements across the globe.

Over the years, we have delivered valuable, customised and knowledge-based solutions for the carriage of diverse project cargo.

With our own offices in key project markets and a vast global agency network, we are proficient in providing customers with competitive and well-timed cargo solutions across various trade lanes.

Sarjak Container Lines is the flagship brand of the **SAKSHAM Group**, which, for close to three decades, has emerged as one of the largest logistics conglomerates across the globe. With 7 world-class companies under its umbrella, the group specializes in project logistics, chemical transportation, container trading, custom broking, shipping services, vessel owning and IT solutions.

STATEMENT OF PURPOSE

*Challenging the norms of project logistics to
provide solutions beyond dimensions*

OUR MISSION

To grow along with our stakeholders

To challenge the status quo, enabling us to lead the way

The solutions we provide will be disruptive and unconventional
