**Our Traditions:** To always maintain excellent standards with regards to service delivery. The combined expertise of 72 years' experience in the Supply Chain industry equips our team to best serve all our clients. Our clients are always priceless and become part of our family.

**What makes IACL different:** Our offices will almost guarantee to put money back into your pocket before starting to take orders.

**How ??** Our team reviews your current rates being charged and does a cost evaluation for free -Then we provide customized solutions on how we can save your offices money with an enhanced customer service.

**Our clients can follow up on any shipment with a touch of their phone at any time -Via our What's App Customer Service Portal.** We have an extremely massive base of vetted and trusted suppliers from our procurement division, that is closely controlled to ensure the best service at all times.

**We offer tracking via 1 or more of the various forms of updates ( Email - What's App -SMS- Skype-We Chat )**  
**We make life easy -We believe in a less work/stress on the client methodology.** Our what's app quoting service allows for enquiries to be sent via this platform for real time responses.
