- During the first years our Business was concentrated on FCL product, for both Imports and Exports.
- In this period we managed to consolidate our position in this product, offering FCL, OOG and project cargo solutions.
- Soon, our clients required new services, which led us to expand to include local and International road transportation.
- In turn we took the opportunity to offer storage solutions, with Bonded and Standard facilities at both Seaport terminals and Airports.
- Today, we have reached a new milestone, where we are actively marketing our new product... The last mile !
